

#1 Provider of AUD Bank-to-Bank Services globally, extending our market leadership into its 18th year.

Delivering reliable execution, innovative solutions, strong coverage and resilience at scale.

ANZ has again been ranked #1 globally in AUD Bank-to-Bank Services in the 2026 Flmetrix Survey, leading across all 17 key measures.

The result reflects our consistent execution, deep market expertise, and a partner focused on delivering reliable outcomes. For our clearing customers, this means dependable access to our knowledgeable team and high-quality service and product execution, with the scale to support your cross-border payment needs.

We remain a trusted and committed partner, continuing to invest in our technology, capabilities and people to support your growth, resilience, and evolving requirements, now and into the future.

Coverage, where you need it

Supported by the largest network among Australian banks and a presence in **29 markets**, we deliver seamless multi-geography support through deep payments, trade, and operational expertise.

Capability, proven at scale

Market-leading Commercial Payments and Wholesale Clearing, delivering consistently high customer satisfaction and backed by **60% market share of available CLS mandates** across Australia and New Zealand.

Payments, led by innovation

We make it easy to connect to the NPP, **strengthening your AUD proposition**. We enable your clients to benefit from real-time payments, while advancing digital asset capabilities to support future needs.

Partnership, built on trust

Unmatched customer loyalty, **with 100% of clients likely to maintain their relationship with us, and the most who would recommend us to others**. This is underpinned by high-quality relationship coverage and exceptional customer service.
