

Investment Option Summary

ANZ Smart Choice Super - OnePath Alternatives Growth

30 June 2024

Description

This investment option is suitable for investors seeking high total return over a medium to long term period and who are prepared to accept higher variability of return.

Investment return objective

This investment option aims to produce a portfolio that seeks to outperform the Bloomberg AusBond Bank Bill Index.

Investment strategy

Provides a multi-manager solution that seeks to provide returns with low correlation to equity markets by investing in a portfolio of alternative investment strategies. The multi-manager portfolio is designed to deliver more consistent, and diversified sources of returns than would be achieved if investing with a single manager.

Minimum time horizon

5 years or more

Standard Risk Measure

The Standard Risk Measure (SRM) is based on industry guidance to allow investors to compare funds that are expected to deliver a similar number of negative annual returns over any 20 year period. The SRM for this fund is shown below:

^^ The Alternative assets portfolio may include investments such as alternative credit, hedge funds, infrastructure, private equity and real estate. These assets may require a longer period of time to liquidate (i.e. greater than 90 days).
